

Hello Mario,

Hope all is great.

I wanted to inform you that we still haven't gotten the money owed to GlobeSailor by the company **Adriatic yacht / Sessa charter** with whom we have had the booking for one of our respected clients for the boat rental of the Prestige 680 (2015) M/Y Lidia from 13/07/2019 to 20/07/2019 from the charter base Marina Frapa in Rogoznica.

Adriatic yacht / Sessa charter were not able to provide the originally booked boat prestige 680 (2015) in Croatia due to a broken engine and have offered a replacement boat that was not in their fleet and that replacement boat has had a lower charter rate, that **Adriatic yacht / Sessa charter** has found via another company.

The replacement boat had a lower charter price - and price difference (7542 €) was never paid out fully to Globe Sailor nor the client.

We have received **only 3500 EUR** as a refund from **Adriatic yacht / Sessa charter** that was sent back to our client and there is still 4042 € due by **Adriatic yacht / Sessa charter** whose name is on the charter contract for this client/charter as per image below.

Thank you.

Kind regards,
